DEDICATION

DR. LUTHER EMERSON ROBINSON—man of letters—creator of collegiate character—a scholar probing into the past—and a keen analyst of present situations.

His classrooms are free from cloying curriculum—he brings beauty in literature and life to his students—his aesthetic viewpoint brightens our lives—increases our perceptive ability—adds cubits to our metal stature.

Because of his generosity in giving us of his store of knowledge—his unflagging efforts for our benefit—his genuine interest in us—because he is Our Friend and Counselor—we, the class of nineteen hundred and thirty-five, do dedicate this portion of our handiwork to him as a tribute of our affection and appreciation.

FOREWORD

As the weary traveler of old paused 'side the rugged, ivy - clad walls of an old chapel, bathed in the warm, lingering rays of a dying sun, to listen to the soft strains of organ music wafted on the wings of gentle breezes thru murmuring leaves, and to grasp for a moment a joy akin to that of heaven, so we, the Ravelings Staff of 1935, have paused, in the midst of this modern world of struggle and toil, to offer as a memorial of our class, a theme whose inspiration is the beauty of the life at Monmouth.

If we have caught but glimpses of those familiar walls—those seemingly barren classrooms—those traditional walks and trees and have surrounded them with romance and beauty, our efforts will have been well repaid if perchance the casual reader as he idly turns the pages of this volume may sense the hidden beauty of our lives at dear old Alma Mater.

A. B. Monmouth College, 1886; A. M. *ibid.* 1889; Xenia Theological Seminary, 1890; D. D. Westminster College, 1903; LL. D. College of Wooster, 1928; LL. D. Westminster College, 1929; Monmouth, 1903.

Many times in the years to come those whose names and pictures appear in this book will turn these pages and review memories of college days. They will call to mind the sincerity of Monmouth friendships, the high level of Monmouth standards, the vigor of Monmouth contests, and the inspiration of Monmouth ideals. The hope of the faculty for all of our students is that passing years will bring a full share of duty, responsibility, opportunity, and happiness.

J. S. CLELAND,
Dean of the College.

"May Beauty dwell with you, Courage walk with you,
And the Inspiration of Truth shine on your way;"
And may every year of life for every Monmouth College student be richer than the last.
MARY ROSS POTTER,
Dean of Women.

I have been looking over the Ravelings for the past two or three years. I see there a spirit of "Carry On" even against tremendous odds. Haven't we now reached a place that enables us to look forward with some sense of security? If this be true, let us move forward and keep in mind and profit by the lessons adversity has taught us.

D. M. McMICHAEL,
Business Manager of the College.

Senior Class History

Now, as Seniors, those creatures which seemed to us as freshmen to be inhuman and unattainable, we look back over the four years we have spent in Monmouth College as years full of achievement, experience, and friendships.

As timid, green, but hopeful, freshmen "Doc" rightly inspired us as we entered into our college career, and now, though greatly depleted in numbers, we feel that we have lived up to all our aspirations. The class of '34 has had a well rounded college career. We have gained distinction in forensics, dramatics, athletics, and scholarship.

During these last days which are going all too fast we swing our canes and swagger sticks feeling confident that our honors as a class will not end with the receiving of our diplomas but will continue in all walks of life, proudly reflecting back to Monmouth College.

Junior Class History

The so-called sophisticated Juniors are about to leave their present moorings and, in one more voyage, to fulfill the dreams and aspirations of their freshman year.

What strange and eventful things have taken place since the fall of '31!

Many sacrifices have been made for an education during the depression of this college generation. Yet with success, students have overcome these obstacles and have courageously held to their college course.

The class of '35 is represented in all phases of college activity.

Her athletes lacked but one virtue—the ability to climb poles.

Her actors and actresses would make many of the Hollywood colony a trifle uneasy should anyone of them rival their positions.

Her debaters and orators are second unto none.

Her scholars would make even Solomon strive to maintain his position as the wisest man.

Her politicians have more or less virtue and plenty of white wash.

As the last year dawns, may the class of '35 hold to her high ideals and make Monmouth College proud of her attainments.

DAVID ACHESON—(Ach)—One hundred and seventy-five pounds of romantic allure—hails from Princeton—a suburb of Spring Valley, where men are men—his theme song, "My Fraternity Pin."

JEANETTE BAIRD—(Jeanette)—A home town girl—who made good in a big way—swell speaker—and wields a mean hockey club—seems to have a yen—for Colorado men.

MARY LOUISE BARNES—(Mary Lou)—tinted, ti-fan, but not timid—raised on a farm—and she certainly knows her cats—singer and pianiste extraordinaire—New York bound.

JEAN BEVERIDGE—(Jean)—Sandwich bred—but no leaflet—an ash blonde with those Mae West curves—which she uses to advantage on the hockey field—theme song, "I'm No Angel."

JEANETTE BEVERIDGE—Tall, but not too tall—possesses one of those slow drawing voices—nice to listen to—last seen at the wheel of a big grey Buick.

WALTER BLACKSTONE—(Walt)—The West End speedster—runs a mean 440—blonde, curly hair—and a tanned, weather-beaten complexion—has an aristocratic walk—you can spot him a mile away.

ELIZABETH BOWMAN—(Liz)—One Monmouth girl who has reached the heights—a pleasant smile—can be distinguished readily—by her studious air—and flowing hair.

GENEVIEVE BROWN—(Genevieve)—Corn-fed lassie from the plains of Iowa—sweetheart of the chemistry assistants—possesses some of that mysterious Garbo glamour.

LAWRENCE BROWN—(Brownie)—Chubby little rascal—soft brown hair, very curly—a ready smile that displays flashing white teeth—hails from way up north—at Aledo.

MAXINE BURRILL—(Max)—Tall, and blonde—a product of Roseville High—may she ever be proud—last seen in that green and white blazer—taking the neighborhood kids for a walk.

RUTH CHAFFEE—(Ruth)—Athletic but charming—specializes in tennis, hiking, and riding—an artist of no mean ability—and a pleasing personality.

LEROY DEW—(Pudney)—Small-size package of wit and humor—usually done up neatly in a big blue Nash—kitten-ball player of no mean repute—theme song, "How'm I Dewing?"

LOIS FETHERSTON—(Lois)—None better—or nicer—wears an air of sophistication—punctured frequently by bursts of naïvete—has an infectious giggle—clever, chic, and quite charming.

FREDERICK FIELD—(Fred)—Another local boy—who is more than making good—especially interested in scientific pursuits—and intellectual things—such as Kappas.

KENNETH FLAKE—(Ken)—Quiet, but industrious—is seen but not heard—until he gets behind that big bass horn—in the Red and White Band—then he's the Big Noise.

ANNABETH FOSTER—(Annie)—"Music hath charms to still the savage breast"—Annie owns a double dose—talented pianist—her favorite song—"Annie Doesn't Live Here Any More!"

CHARLES FRAZZER—(Chuck)—You should see this fellow cut up—the ice—he's good on roller skates too—an electrician—won't play around with anything but live wires—lately developed a Bostonian accent.

Sophomore Class History

The Class of '36 has lost none of its ambition since we started as a large class last year. During the sophomore year students have most of their goals set, and in so doing lend their stability to the institution. This is what the sophomore class has done.

Our first victory was in winning the pole scrap as freshmen and still retaining the victory as sophomores. Our class is well represented in athletics, debate and oratory. Our scholarship is of the very best and we have excellent talent both in music and acting. Before the next two years have passed these students will have made an appreciable contribution to Monmouth College in establishing its future.

Freshmen Class History

When Monmouth once again swung wide its doors for the beginning of a new year, the freshmen left in the halls footprints which still remain and which mark the beginning of a climb where the prints will be more deeply implanted.

As a record for scholastic standing one-third of the names found on the honor roll belong to freshmen. In the athletic line the little Scots gave promises for a bright future. Through forensic subjects the frosh were able to display unusual ability both in debate and declamation.

The goal has been set—a record class for those who have gone before and a standard for those who are to come. May the class of '37 ever keep the color in the Scotch plaid!

Pole Scrap

To upper classmen, the shrill blast of the college whistle in the middle of a crisp October morning means a respite from a dry lecture. To Sophomores it means there is honor at stake and a cause to defend even to the very brink of their lives. To Freshmen it might not mean anything unless the tenseness has in some manner instilled upon their minds and imaginations that Monmouth College every fall holds a glorified bull fight for the delight of many hundreds of people.

In the Pole Scrap of the fall of 1933 the Sophomores really had something to fight for, as they had won the scrap the previous year. This class was the first class to win that distinction for several years and though outnumbered greatly by the frosh they stood off the onslaught for an hour packed with bruises and an overabundance of wholesale destruction to old summer attire. The frosh put up a brave fight and came very near to success but the strain of the battle and the height of the Pole combined to send them down in defeat.

SENIOR MEN'S HONOR SOCIETY

1933-1934

MEMBERS

ROBERT WOLL	ROBERT MCCONNELL
ERNEST SMALLWOOD	LEROY GILLESPIE
ORRIE BROWNLEE	EDWIN BROWN
CLYDE MCDANIELS	CRLAND HAMILTON

This organization was founded in 1927 by eleven men who felt the need of a Senior Society on the Monmouth campus. Now, the members are limited to eight men, annually, who are pledged at the close of their Junior year and are members throughout their Senior year. Their names are not announced until the "Ravelings" appears. Thus it is always a matter of interest to the students as to whom the members now in school are.

The public announcement gives the eight Senior men the right to wear the emblem of the organization, a gold key with an octopus and other secret insignia inscribed thereon.

Twice each year the Alumni Organization convenes; a business meeting held at Homecoming time, and a Social event on the eve of Commencement day.

Coach Hart

Herbert L. Hart has been Athletic Director at Monmouth since 1924, serving as head coach in football and track, and during the past year had charge of freshman basketball. In his ten years at Monmouth Coach Hart has compiled enviable records in football and track, and has reason to be proud of the intramural sports program which has developed largely under his supervision.

Coach Smiley

As head coach in baseball and basketball, as well as freshman football, Robert Smiley is completing his fifth year at Monmouth. "Bob's" ability as a coach comes from actual experience in sports, for during his student days at Monmouth he was voted the most valuable basketball player in the conference and played second base on the baseball team.

Coach Jahn

The duties of assistant football coach were capably handled during the past year by William Jahn. "Bill" in past years was one of the mainstays of Scot elevens.

Football Summary

The 1933 football squad defeated Knox College 20 to 6 on Thanksgiving Day at Galesburg to end the season with four victories, and five defeats. The victories were over Burlington Junior College, Iowa Wesleyan, Illinois College, and Knox. The defeats were at the hands of Coe, Cornell, Augustana, Bradley, and Carthage.

The Fighting Scots opened the football season on September 27, the game being postponed one day on account of rain. Burlington Junior College was the first opponent as Monmouth walked through for a 26 to 7 win. It was a night game played at Burlington, the only night game of the entire schedule. Touchdowns were scored by Catanzaro, Akers, and two by Buchenau. The two points after touchdown were place-kicked by Catanzaro and Buchenau.

On September 30 Monmouth won its first home game from Iowa Wesleyan. Bobby Woll and Marion Harper scored the touchdowns for Monmouth as the Scots won 14 to 0. Harper pounced on a blocked punt by MacDonald behind the goal line, and Bobby ran 70 yards for his touchdown after reversing the entire field. Catanzaro place-kicked both extra points with precision.

The next Saturday on October 7 Monmouth played a strong Coe team to come out on the low end of a 13 to 0 score at Monmouth. In this first Midwest encounter of the year, the only threat by Monmouth for a touchdown came in the final quarter when Catanzaro heaved a long pass to McConnell. On four attempts Monmouth could not make the necessary yardage and had to give the ball to Coe on downs.

The Scots' first Little 19 encounter was with Illinois College the following Saturday, October 14, and the Scots won 13 to 2. Touchdowns were scored by Winbigler and Woll. Winbigler blocked a punt on Illinois' 30 yard line and then raced to the one yard line where the ball had rolled, picked the ball up and stepped over for the touchdown. Catanzaro kicked the placement after the first touchdown. Buchenau punted on one occasion 70 yards to relieve Monmouth.

Breaks helped Cornell defeat Monmouth in a Midwest Conference game at Mt. Vernon on the following Friday, October 20. Monmouth's touchdowns were scored by "Cactus" McConnell and little Bobby Woll. Winbigler heaved a long pass to McConnell for the first touchdown, while Bobby Woll carried the ball over from the one-foot line. Catanzaro kicked the extra point following the first touchdown. The final score was 14 to 13 in favor of Cornell.

The following week on Saturday, October 28, the Scots battled Augustana, Augie winning 14 to 13 before a large crowd of Monmouth Homecomers. It was the first time since 1928 that Augustana has beaten Monmouth in football. Touchdowns were scored by Bobby Woll who ran 65 yards down the field to score, and a pass from Woll to Frantzen netted the other counter. Catanzaro made the first try from placement but missed the last in the final minutes of play.

Monmouth lost to Bradley at Monmouth as a result of a bad pass defense on Armistice Day, Saturday, November 11. Bobby Woll proved to be the only Monmouth hope as he raced 65 yards for Monmouth's only touchdown as Bradley won 13 to 6. Lee Handley proved to be just too much for Monmouth as he punted, passed, and ran through the Monmouth defense during the entire afternoon. McConnell snagged a Bradley pass and raced down the field for a Bradley scare.

In the Carthage game Monmouth showed great offensive strength as they made 13 first downs to Cathage's 10. The game was played at Carthage on Saturday, November 18. Touchdowns were scored by Woll and McConnell. Bobby took the ball over from the one foot line, while Catanzaro passed to McConnell for the second touchdown. The score ended in favor of Carthage, 14 to 12, as they took advantage of the extra points while Monmouth could not convert.

Thanksgiving Day furnished perfect weather for the 49th football game between Monmouth and Knox and one of the most enthusiastic football crowds ever to watch Monmouth play, was on hand to see the battle, which Monmouth won 20 to 6. Knox scored their only touchdown in the first quarter, but could not convert the extra point. From then on Monmouth held the upper hand without question. In the second and third quarters Monmouth scored three touchdowns and kicked goal twice. Fans who saw the game probably got their biggest thrill when 129 pound Bobby Woll closed his intercollegiate football career, scoring two touchdowns. After scoring the first touchdown following a lateral from Don Irwin, Woll scored the second touchdown after an 88 yard jaunt down the field. MacDonald scored the third touchdown when he dropped on a blocked punt behind the goal line. Catanzaro kicked the two extra points from placement.

Monmouth men who played their final college football game were: Woll, Tinker, Hamilton, Brown, Pressley, Harper, McConnell, H. Akers, Winbigler, and Frantzen.

The following men received awards: Robert Woll, Eugene Tinker, Orland Hamilton, Edwin Brown, Roscoe Pressley, Marion Harper, Robert McConnell, Harold Akers, Gordon Winbigler, Peter Frantzen, Jack Nuding, Stanley MacDonald, Donald Irwin, Bert Minton, Elbert Catanzaro, Sam Akers, Paul Barnes, George Lucas, Thomas Whelan, Marshall Grier

Freshmen Football

The Freshmen again did their part this year as they stayed out all fall to give the Varsity some competition in scrimmage. Most of the season was spent in scrimmage against the Varsity but under the Conference rules, they played two games

The first game was against Bradley, of Peoria when the Frosh went to defeat 20 to 14 with Malcolm Laing making two touchdowns, and "Sage" McConnell kicking the extra points. The second game was against Knox, which ended in a 6 to 6 tie, with McMillan scoring the only touchdown.

Numerals were awarded to the following men: K. Baird, R. Brimmer, R. Burkhart, W. Dodds, W. Simonds, H. Taylor, R. Gowdy, H. Jahn, R. Johnson, M. Laing, G. McConnell, G. McMillan, O. Messenger, R. Olenick, R. Downing, H. Shaul, R. Paulson, R. Reid.

Basketball

The 1933-34 Monmouth Quintet experienced its poorest season since Coach Smiley took charge of Scot cage activities, losing the last six games on the schedule to finish with a record of nine victories and an equal number of defeats.

Two Burlington teams provided the season's first opposition, the Burlington Y. M. C. A. quintet bowing after a stiff battle on the Monmouth floor and Burlington Junior College having little better luck the following week when the squad invaded Iowa soil. Ozburn led the Scot attack in both games, getting 18 points in the first and 20 in the second.

Jack Nuding collected 13 points to lead the Red and White to victory in the third game, against Parsons, but the following week Beloit scored a Midwest Conference victory over Smiley's crew by finishing on the long end of an 18-16 score.

Iowa Wesleyan then fell before the Scot attack, 41 to 29, as Ozburn collected 16 points. The next week Carroll College of Waukesha, Wis., invaded Monmouth gym, but was turned back by a 27 to 22 score in one of the year's most exciting games.

Knox took advantage of its chances from the free throw line to eke out victory in the next game. An invasion of Bradley on the following week proved disastrous, the Tech quintet running up a 35 to 24 triumph.

Coe fell short in a last-half rally and went down to defeat in another Midwest game, 36 to 27, on the Monmouth floor. The Scots kept up the good work in their next game and handed Augustana a 32 to 15 drubbing, representing the peak of the season so far as smooth, effective play was concerned.

The Red and White was forced into an overtime period before coming out victorious in the next game, against Carthage at Monmouth. The situation was repeated again a few nights later in the Galesburg Armory when the Scots gained sweet revenge over Knox by handing the Siwash a 32-30 trimming. Donaldson of Knox had a chance to win the game for his team in the closing seconds, but missed a free throw.

Harry Mead, sixfoot, 10½ inch center, helped Augustana even matters with Smiley's team on the local floor, controlling the ball to a good extent as the Vikings won, 34 to 30. Carthage also avenged a previous defeat, winning by a 33 to 27 margin when the Scots journeyed to the southern Illinois town.

Cornell eked out a thrilling 30 to 29 victory as Still, substitute center, dropped in a free throw in the last 10 seconds of play. A reorganized team gave Bradley Tech a courageous battle the next week, but the Indians worked a little too smoothly and took home a 36 to 30 triumph.

An unsuccessful road trip into Iowa wound up the season. In the first game Bobby Woll scored 17 points, but Chet Good of Coe did better than that by accumulating 24, and the Cedar Rapids five won by a score of 50 to 32. The following night Cornell took a 43 to 25 verdict, as Woll and Joe Meyer tied for high point honors with seven apiece to close their collegiate careers.

Letters were awarded to Bobby Woll, Joe Meyer, Jack Nuding, Don Irwin, Clarence Patterson and Bob McConnell. Jack Ozburn, who with Bert Minton was dismissed from the squad in the second semester for infraction of training rules, was given the center position on the all-state team.

Freshmen Basketball

Freshman basketball players served the same purpose as the football men that is to provide some scrimmage for the Varsity. The Freshmen this year succeeded in giving the Varsity some good competition which enabled the upper classmen to get in shape.

The Freshmen played four games this year, which is permitted under conference rules. Two games were played with Knox, and two with the Roosevelt Military Academy of Aledo. The Frosh lost both games with Knox, and won both games from Roosevelt.

The following freshmen received numerals: H. Taylor, V. Van Dewoestine, G. McConnell, R. Reid, R. Paulson, E. Fairman, R. Murray, R. Brimmer, G. Elliott, C. Gardner.

Top Row—Gardner, McConnell, Dines, Elliott, Blagg, Bruyn, Reed, Van Dewoestine.

The Athletic Board of Control

The Athletic Board of Control directs the general policies of the Monmouth College Athletic Association. It approves the intercollegiate schedules, makes the awards for varsity and freshman competition, and oversees the financial transactions of the athletic department.

The board is composed of Coach Hart, S. R. Toussaint, Dr. Graham, Dr. Sherrick, Max Turnbull, Dr. McMichael, Don Irwin, Orland Hamilton, and E. A. McMillan.

The "M" Club

The "M" Club embodies in itself the spirit of those principles which are highest in the promotion of general well being on Monmouth's campus.

In order to achieve membership in this organization, one must earn the award of an "M" in any major sport and also live up to the ideals of the club. The ideals are, good sportsmanship, ideal living, clean speech, high scholarship, and fidelity to the traditions of Old M. C.

Baseball

Monmouth College has a good record in baseball the past few years and the 1934 team has hopes of repeating. The line-up that Coach Smiley used in the first two games appears to be Tinker pitching, Reid catching, Meyer on first, Akers at second, Pogue at third, Woll at short, Robb in left, Heil in center, and Lucas in right.

Substitutes that have been out all year to give some practice for the varsity are, Hutchison, Nuding, and Herriot. Other men out, but are not being used on the trips are Acheson, Patterson, Sam Akers, McMaster, Fromm, Speer, and Clarke.

The first game of the season was with Missouri University and was won by Monmouth, score 8 to 1. The second game was against Illinois College at Jacksonville and ended in a 10 to 5 defeat in a slugfest. Monmouth has nine more games to be played.

Top Row—Aiken, Mgr., Herriot, Speer, L. Meyers, Pogue, Acheson, Hutchison, S. Akers, Smiley, Coach.
Bottom Row—Reid, Patterson, Tinker, Woll, Heil, H. Akers, J. Meyer, Robb.

Track

Monmouth College opened her track activities with the Armour Tech. Indoor meet at Chicago. Coach Hart took six men to the meet, while one man placed. Don Irwin received a second in the 440. Hugh Matchett ran in the Central A. A. U. the night before and placed fifth in the 1,000 meter run.

The second meet was the Little Nineteen Track and Field Meet at North Central (Indoors). Monmouth placed in four events. Dick Grills placed fourth in the mile, Don Irwin got fifth in the 440, Olenick took fifth in the shot-put, while the 8-11 mile relay team placed fifth.

The third meet for the locals was the Quadrangular between the University of Chicago, Knox, Bradley, and Monmouth at Monmouth. The meet was won overwhelmingly by Chicago, but Monmouth came through in the relay to beat Bradley out for third place.

Top Row—Winthrop, Mer., Marshall, Bostwick, Kennedy, Templeton, Meyers, Olenick, Winbigler, Smith, Hart, Coach.
Bottom Row—Laxson, Irwin, Barnes, McKinley, Grills, Matchett, McConnell.

Swimming

Swimming is fast becoming a popular sport at Monmouth as the locals participated in four meets this year. The first meet was an invitational at the Kewanee Y. M. C. A. in which several of the local tank stars competed.

The second meet was a dual meet between Knox and Monmouth. Knox won by winning the final medley relay, making the final score 36 to 33. Myers and Marshall of Monmouth had placed one-two in the diving to tie up but the relay team lost.

The third meet was a triangular affair since Augustana did not show up, with Bradley, Monmouth, and Macomb competing. It was another case of losing a meet by losing the relay as Bradley won the meet with 46 points, Monmouth was second with 43, and Macomb third with 12.

The climax of the season was the Little 19 Swimming meet which was held at North Central on the same week end as the Track meet. Monmouth succeeded in placing fourth as Myers won thirds in the backstroke and diving, Patton winning a fourth in the free style, and the free style relay team placing fourth, and the medley relay team taking third.

Top Row—Gardiner, Bond, Patton.
Bottom Row—Myers, Schwartz, Marshall, Scott.

Intramural

Coach Hart is responsible for building up Monmouth's intramural program. Hart has worked incessantly each year since he came to Monmouth so that it is possible for every man to compete in some sport or another.

A trophy is presented to the organization that wins each sport. At the end of the year, an intramural trophy is given to the team that has made the most points during the year according to the intramural plan. The sports that are played in intramural are: touch football, volleyball, basketball, indoor and outdoor track, swimming, baseball, and tennis.

The function of the intramural department has been to encourage the entire male student body to compete in some organized sport, and to instill into every student that does compete the qualities of fair play and good sportsmanship.

The first intramural competition was the touch football. The third year of the touch football found the race between three organizations. The Tekes finally won out, with the Beta Kappas second, and the Bears not far behind for third place.

The Tekes followed their win in football with a win in volleyball as they scored $106\frac{1}{2}$ points from their victories and points obtained from the men competing. The Beta Kappas were second again, while the Phi Kaps beat the Bears out for third.

The next branch of the intramural program was basketball. The Bears won this part of the intramural program for the second straight year as they had all the ineligibles playing with them and ran through the schedule with little competition.

The Tekes placed second in the basketball with the Beta Kappas third, but the Tekes came back to form in the next division which was swimming. The Beta Kappas were second, while the Bears and the Phi Kaps tied for third position. The Tekes had twice as many points as second place winners.

The Beta Kappas led by one point after the indoor track had been run off with the Bears their closest competitor with the Tekes and T. U. O. tied for third. The B. K. squad had $61\frac{3}{4}$ while the Bears had $60\frac{3}{4}$. The outdoor track totals will be added to these later in this month as soon as it is held.

As the "Ravelings" goes to press just three intramural baseball games have been played. The Phi Kaps, Tekes, and Bears have won over the Commons Club, Tiny Tots, and Beta Kappas respectively. Gardner and "Cactus" McConnell resorted to a pitching duel in the Bears victory over the B. K.

Below is the chart showing the intramural standing to date:

	B. K.	T. K. E.	T. U. O.	Phi Kap.	Tots	Bears
Touch Football ..	$108\frac{3}{4}$	$117\frac{1}{2}$		$73\frac{1}{4}$	$24\frac{1}{4}$	$104\frac{1}{4}$
Volley Ball	$71\frac{1}{2}$	$106\frac{1}{2}$		$59\frac{1}{2}$	31	$71\frac{1}{2}$
Basketball	92	94	34	49	$24\frac{1}{2}$	$121\frac{1}{2}$
Swimming	46	$97\frac{1}{2}$		21	$8\frac{1}{2}$	21
Track (indoor) ..	$61\frac{3}{4}$	$50\frac{1}{4}$	$50\frac{1}{2}$	$10\frac{3}{4}$	$7\frac{1}{2}$	$60\frac{3}{4}$
	380	$465\frac{3}{4}$	$84\frac{1}{2}$	$214\frac{1}{4}$	$95\frac{3}{4}$	379

The points for outdoor track and baseball will be added to these totals and the organization with the most points will be awarded the intramural trophy for 1933-34.

Women's Athletic Association

The W. A. A. provides opportunity for girls of every class to compete against each other in sports, and sponsors association meetings, picnics and social hours as features of the year's work. Girls are eligible for membership when they have acquired 125 points in sports, or 25 hours, and when they have earned 1,200 and 1,500 points are awarded letters and sweaters, respectively.

General Athletic Survey

A year-round program of organized sports is offered to girls of the campus. A busy schedule is planned through fall, winter and spring to provide opportunities for recreation and friendly rivalry.

Hockey holds the center of attention in the fall. Although usually a new game to many girls, it is highly popular after a few games are played.

Volleyball is played for a short time before basketball, which is probably the most popular sport on the program, begins. Practices are held in the little gym at regular periods, and once a week the "big gym" is pressed into service.

With the coming of spring, hiking, roller skating, soccer and baseball become prominent. Archery also comes in for its share of attention, and a section of the athletic field is turned into a range for devotees of the sport to sharpen their skill with the bow.

Tennis has long been a favorite sport with women of the college and the tournament held every year arouse considerable interest. The four courts are kept in tip-top shape for those who prefer this form of activity in sports.

Horse-back riding, too, has its adherents, many of whom take regular jaunts in and around the campus.

May Fete

The 1933 May Fete served as a climax to most of the college activities of the Spring. The exception occurred and a balmy spring evening helped to enhance the atmosphere of the occasion. The customary winding of the May Pole and the much awaited Processional were immensely enjoyed by the huge crowd attending.

The Queen, Minna Fricke, and the Chancellor, Brownlowe Speer, chosen by the male and female students of the College respectively, were a charming and extremely popular couple.

Crimson Masque One Act Plays

"THE OPERA MATINEE"

By Gerstenberg

This play, a comedy with an all female cast, portrays excellently various degrees of sophistication and unsophistication. The story relates how the Countess Jorbek finds her sister, Mrs. Vail, at an opera matinee after years of separation. The drama was cleverly directed and presented by Morton Hickman.

"JUDGE LYNCH"

By Rogers

"Judge Lynch," a play with its scene located in the mountains of West Virginia, was dramatically presented. The story centers around the lynching of a "nigger", who is later discovered to be innocent of the crime for which he was killed. Miss Shank, as the director, deserves much praise for the skillful production.

"A WEDDING"

By Kirkpatrick

Hilarious comedy, good characterization, and surprising situations made the production of "A Wedding" a most entertaining play. A stubborn bridegroom refuses to get married until he finds his collar button. When it can't be found a lover's quarrel ensues. Finally events bring about a surprising proposal and the wedding ceremony is about to be started when the play comes to an end. David Murray directed this production.

"PORTRAIT OF A GENTLEMAN IN SLIPPERS"

By A. A. Milne

The action of this short drama centered around a magic mirror presented to King Hilary which enabled him to see himself as he really was. Repelling as the face seemed to the king, it had its attractions for his bride-to-be. Morton Hickman played the part of King Hilary, with Margaret Grier as Princess Amaril. David Murray carried the comedy role, that of the king's body servant, while Marvin Jackson portrayed the stranger who brought the mirror to the king. Lester Fulton was the director.

"HIGHNESS"

By Ruth Giorloff

The emotional twists and the darker side of the Russian revolution were ably brought out in this production. Raymond Steffan and Betty McClenahan played the two parts of the long-separated lovers who were united by a queer coincidence, and who were aided in escaping from Russia by Anna Borodin, a scrub woman, portrayed by Margaret Jean Loehr. Charles Grafft was a Red soldier, bold in appearance, but whose true character and cowardice were revealed in the crisis at the end of the play. Ruth Swanson directed the enterprise.

"ROMANCE IS A RACKET"

By Kirkpatrick

With Harold Irwin and Gordon Winbigler carrying the principal comic roles, "Romance is a Racket" kept the audience in constant laughter. Irwin was the so-called "body-guard" for a party of American tourists in Italy. The part of an Italian innkeeper was played by Winbigler. Complications ensued when George Myers arranged a fake bandit raid to further his romance with Gertrude Reeve, one of the girls in the party. Other parts were played by Eleanor Gehr, Alleyne Norris, and Virginia Shank. The director was Harlan Lance.

Pi Kappa Delta is a National Honorary Forensic Fraternity of 148 chapters. It is open to men and women debaters, orators and extemporaneous speakers, who attain to standards of excellence and experience set by the national constitution.

Women's Debate

The women's debate season was the most successful one in several years. In the state league contests, three out of six decision debates were won on the question, 'Resolved: That the Federal Government should make substantial grants to public elementary and secondary education.' Throughout the season, teams were encountered from DeKalb, Wheaton, Rosary, North Central, Augustana, Greenville, MacMurray, Knox, and Cornell. The nine members of the squad were Nathalie Lytle, Jane Hoyman, Earla Hoyman, Eleanor McLaughlin, Sarabelle McCleery, Nancy Gillham, Dorothy Maynard, Eina Ryan, and Eva Reid.

Standing—D. Maynard, E. Reid.
Seated—E. Hoyman, N. Lytle, E. Ryan, Toussaint, E. McLaughlin, J. Hoyman, S. McCleery.

Men's Debate

The men's debate squad was quite successful this year in spite of the handicaps of much inexperienced material. Debating on the question, "Resolved: That the powers of the President of the United States should be substantially increased as a settled policy." they won decisions over Knox, Greenville, Shurtleff, and North Central. Debates were lost to Augustana, Bradley, and Lake Forest. The encounter with Knox was interesting in that it was the first debate that Monmouth has had with that institution in more than twenty years.

Non-decision debates were held with Augustana, Macomb, Burlington Junior College, North Central, Illinois Wesleyan, Eureka, and Cornell.

Wilbur Lester and John Moffett composed the affirmative team. John Owen Allan Millikan, William Dodds, and David Byler made up the negative team.

Standing—J. Moffett, W. Dodds.
Seated—W. Lester, D. Byler, Toussaint, J. Owen, A. Millikan.

Pi Kappa Delta Convention

Monmouth College was well represented in the National Pi Kappa Delta convention held in Lexington, Kentucky, this year from the second to the sixth of April. More than seven hundred delegates were present representing one hundred and twenty-one schools from nearly forty states.

Gertrude White placed high in the women's oratorical contest. After speaking four times, Miss White reached the finals, gaining fifth place in a field of approximately fifty entrants.

The women's debate team, composed of Nathalie Lytle, Eva Reid, and Jane Hoyman, won four victories and suffered one defeat to win the right to compete in the quarter-finals as one of the sixteen teams which survived the preliminary rounds out of sixty-seven starting teams. In this round they dropped the decision to the University of Tulsa and were eliminated. The question debated was, "Resolved: That the powers of the President of the United States should be substantially increased as a settled policy." Miss Lytle debated both sides of the question, aided by Miss Hoyman on the affirmative and by Miss Reid on the negative.

Monmouth was represented by Wilbur Lester in the men's extemporaneous speaking contest.

All of Monmouth's honors at the convention did not result from the efforts of her students, however, for Professor S. R. Toussaint was elected first vice president of the national organization. Professor Toussaint is not only capable of turning out able forensic representatives but possesses the ability to rank high among the leaders of Pi Kappa Delta, honorary forensic society.

Forensics

Forensics have meant a great deal to the Monmouth campus this year. It was great fun as well as hard work. The "gang" of ten that went to Kentucky gained, besides their valuable experience, a delightful education in thoroughbred horses, blue grass, and southern dialect. The meeting of people from wide-spread geographical points, but with a common basis of interest, sharpened the competition and lent to the material development of all present.

One value highly prized and common to all affiliated with forensic work was the friendship with "Toots" and his family. He offered not only his guidance and experience but a comradeship which was deeply appreciated.

The College Choir

The College A Capella Choir has met with much favorable comment since its organization a year ago. The chorus is composed of college and conservatory students and meets two hours each week for rehearsal. Music for the Vesper services held each month is furnished by the choir, and eight members of the organization sing a "call to worship" at the beginning of each daily chapel service.

Under the direction of Mr. Shaver, the choir has sung in several of the Monmouth churches, and in May sang at Burlington. A sacred concert will be given in the college auditorium on the Sabbath evening before Commencement.

Girls' Glee Club

The members of the Girls' Glee Club were again deprived of a trip during spring vacation. They assisted the men's club in the minstrel show and added the touch of color so necessary to the success of such a performance.

It is hoped that a concert may be given in Burlington in addition to one or two others in nearby towns. The home concert promises to be well-balanced and interesting and will be given in June under the able direction of Mrs. Peterson.

Artist's Course Concerts

Although there were but two concerts presented in the Artists' Course series this year, the unusual quality of both of them compensated for the few programs given. The program presented in October by the famous Kryl Band, with Bohumir Kryl, noted cornetist, conducting, appealed to townspeople, school children, college students, and musicians alike.

The second outstanding concert was that given by Dalies Franz, brilliant young pianist, a pupil of Guy Meier, and a recent graduate of the University of Michigan. He delighted his audience with his artistic interpretation and remarkable technique. After playing in Monmouth, Mr. Franz appeared as soloist with the Chicago, Philadelphia and Boston Symphonies, and at the present time is creating quite a furor in the musical world.

Two outstanding recitals during the year were presented by Monmouth's duo-pianists, Edna Browning Riggs and Grace Gawthrop Peterson. The first recital presented in November consisted in part of a Bach two-piano number and several delightful Chopin and Brahms waltzes. Their second recital, given in April, was composed entirely of Rachmaninoff compositions. Don McCray and nine members of the Girls' Glee Club assisted in the presentation of this interesting program of Russian music. Capacity audiences enjoyed both recitals.

Choral Society

During the Christmas season, the Choral Society, composed of one hundred voices and under the direction of Professor T. H. Hamilton, gave its annual presentation of Handel's celebrated oratorio, "The Messiah". Eight soloists and a sixteen-piece orchestra assisted the chorus in the rendition of this renowned work.

The Society's second appearance was made in May when they gave the famous Gilbert and Sullivan comic opera, "The Gondoliers." Sponsored by the American Association of University Women, this was presented twice for the public and once with nearly a thousand high school students from surrounding territory as guests of the College.

The College Band

The College Band is deserving of more recognition and commendation than it receives. Its members appear *en masse* at the football and basketball games each season and aid remarkably in instilling true school spirit into the teams and the student body. The annual band concert was given May 19, as part of the traditional May Day festivities.

The Messiah

Professor Hamilton directed the production, which featured a large chorus and an orchestra in addition to the solo parts. College students took several solo parts and largely comprised the chorus.

Pungent odors—flashing glass—shining bottles—puzzling labels—strange devices—the workshop of future scientists.

Homecoming

The 1934 Homecoming festivities opened with the special Homecoming Chapel Friday, October 27, and were brought to a successful close with the Homecoming Vesper Service Sunday afternoon, October 29.

During the three day reunion of old grads, the campus was bristling with activity. The parade on Saturday morning was enjoyed by many hundreds of spectators. The town was graced with beautifully decorated houses in keeping with the theme of the occasion. Immediately after the parade Monmouth's guests were entertained by an intramural touch football game and a girls' interclass hockey game. In the afternoon one of the headline features, the football game between Monmouth and their old traditional rivals Augie, took place. The day's festivities were brought to a close with a delightful presentation of "Dulcy" by the Junior Class.

The Alumni and friends of the college were treated to a royal reception by the different fraternities and sororities and organizations on the campus and many endearing memories were recalled of days when they were students in our Alma Mater.

SENATE SCORES SENSATIONALISM !!!

COED GRIDDERS WILL PLAY KNOX

Coeds of the institution have gone into strict training in preparation for their football game with the Siwash next fall. So much promising material was found among the fatter members of the student body, that the Dianas will league together next fall into an eleven which will meet a similar team of Siwash damsels in the traditional struggle for the Bronze Fraternity pin.

Coach Hays has not picked her lineup as yet, but the campus coaches are unanimous in picking Lil Gibson for the quarterback post. She has the number of everyone on the campus, and it shouldn't take her long to figure out the Siwash signals—and with her throwing ability, she will be a valuable asset. The fullback berth will be held down by Mary Miller, big and buxom lassie from up near the watch works. Helen Christy will undoubtedly captain the team from her position at left end—she always enjoys taking the Field. An up and coming member of the freshman squad who may break into the varsity ranks is Ruskin, who will occupy a tackle position regularly, unless her propensity for holding draws too many penalties. At the other tackle will be Krasity, the strong and silent—with her experience at getting fraternity pins she will be invaluable to the Highland belles.

The game will be played in fifteen periods of four minutes each, enabling the players to replenish their makeup at the end of each period. Severe penalties have been drafted for all biting and scratching, although hair-pulling will be permissible. Knox plans to employ Empress Eugenie head gears, while the Scots will take the field in trousers of green silk organdie, with red and white taffeta jerseys.

WINBIGLER CAPTURES CROWN

Wins Bullthrowing Trophy

With a last minute spurt that left him practically breathless, Windy Winbigler succeeded in nosing out the former champion bull-tosser Hoey Matchett, Chicago's Silver-tongued Southsider, and thereby won for himself possession of the much-coveted brass banana, emblematic of victory. The ex-champion had prepared a brilliant oration, entitled "How I Was Spiked by Hornboestel," but the brilliant peroration of Winbigler's, "My Life, Past, Present, and Future," proved too big an obstacle for him to overcome.

The contest was close throughout and at times the judges were fairly swamped by the abundance and fecundity of the contestants' remarks. Excitement was rife for a time when it appeared that a "dark horse," Bob Lashley, was in the running for the title. Lashley's theme was, "A Big-city Lad Looks at Small Town Life." He was finally eliminated because of his relative youth and inexperience, but those who know predict a very brilliant future for him in this field. He is expected to become one of the greatest champions in the history of the institution.

Professors Maynard and Robinson were entered in the contest, but a last minute ruling debarred them from competition. Judges of the contest opined that these two gentlemen were to be ineligible for any competition until they cleared themselves of the charges of professionalism which hang around them.

"Your overcoat is certainly loud."
"It's all right when I put on my muffler."

POTTER'S ETHICS COURSE BARRED

After a startling series of exposures, the Monmouth College Senate ruled that Dean Potter should abandon her "Ethics of Living" course, which has been the feature of each college year heretofore. After hearing all the evidence on the case, collected in an astonishingly novel method, by students "planted" in the classroom, it was decided that the ultra-liberalism and extremely unconventional attitude taken in the course was not to be tolerated any longer upon the Monmouth campus.

Among the startling disclosures in the investigation came when it was found that a number of students who had taken the course had entirely lost their belief in the value of the stork as a domestic pet. Likewise it was found that although the course is restricted to the juniors and seniors, there were some juniors in the course who were hardly past the sophomore stage, their minds being relatively immature to receive such advanced and dangerous knowledge.

No statement could be obtained from Miss Potter, and it was not known just how she will react to the situation. Long a thinker of the liberal school, it is expected that some sort of an outburst may be expected when she learns of this curtailment of her radical activities. It is doubtful if she will stand for any such restriction put upon her teachings, and she may insist upon continuing the course, with the provision that the membership be composed of graduate students over twenty-five years of age.

Barron—Where do you get your auto accessories?

Brownle—Oh, I just honk my horn and smile, and they climb into the car.

We should be kind to the blind, but it is hard to do if the rascals insist on umpiring a ball game.

WILL MOVE THE ATHLETIC FIELD

Borghum A. Bloop, second national field secretary of the Egyptian Moving and Construction Company, was on the campus last week to inspect the athletic plant, and lay plans for its removal to the southern part of the state. As a matter of convenience, the track, diamond, and gymnasium will be carted southward to "Little Egypt" so that our athletes will play in a more homelike atmosphere. It is believed that one of the causes of the "Fighting Scot's" defeats, which of course come few and far between, comes as a result of a nostalgia which periodically afflicts our strong, handsome athletes. Consequently, all home games will be played hereafter at the new location. Classrooms will be erected at one end of the new field, so that no time need be wasted in trips to and from the campus proper. Exams and grades will be given out every three years.

ICHTHUS CLUB HOLDS SMOKER

Members of the Ichthus Club and friends enjoyed a delightful smoker last Friday evening on the third floor of Wallace Hall. The room was lighted by four candles and a flashlight, and decorations were carried out tastefully in lavender and baby blue. The center of each card table was resplendent with a huge bouquet of multi-colored pansies. Music for the occasion was furnished by Lightfoot Louie and his Harlem Serenaders. Miles, Dykhuisen, Brown and Couler entertained with a sensational dance number.

Cigars and cigarettes were provided for the use of the guests, although the use of pipes and chewing tobacco was restricted to the faculty members present. At the conclusion of the evening, light refreshments were served from the bar in the rear of the room. Messrs. Ozhurn and Minton poured.

NEW COURSE OFFERED

Scholars of the campus will be much interested to learn of the new addition to the Summer School curriculum. The administration of the Summer School has secured the services of the famed foreign professor and educator, William X. Dinesovitch. He will teach his pet course: "Theory, Elements, and Practice of Fraternity Pin Finning." The course will include a two hour laboratory period each evening.

PHI KAPS HOLD LAWN PARTY

An enterprising "Snooze" reporter snaked in the back way and secured this photo of the exclusive Phi Kappa Pi Lawn Party, which culminated the recent brilliant social season. This snappy little

soiree was held on the front lawn of the palatial mansion of the fraternity, and was well attended. Ten members of the active chapter, and fifteen members of the graduate chapter, with guests, were present. A feature of the party was the unveiling of the Scholarship Trophy, emblematic of the fraternity's brilliant successes in this field.

SHAVER SECURES SNAPPY SPORTS JOB

A sentimental attachment of years standing was destroyed here recently when Glenn Shaver turned in his faithful little Chevrolet on the new snappy little sports job pictured above. Mr. Shaver was caught posteriorly while engaged in making a little adjustment on the new car.

The new phaeton, a Lotta Trashini, is made distinctive by its ultra-modern and even futuristic streamlining. Automobillists of the old school will be taken a trifle aback at the extremity of the car's lines, but Mr. Shaver is more than satisfied with his new possession. He is quoted as saying, "I hated to

part with my other little runabout, but the sheer beauty of the new one has taken me by storm, and I am only waiting a favorable opportunity to take the Trashini out on the open road and really "step on it"."

SOCIETY

The Kappas held an informal smoker and get-together Tuesday afternoon at Johnson's drug store. They were assisted by a guest delegation of Big Eights. Tea and hot chocolate were served to those desiring it.

The Cosmopolitan Club entertained at its annual banquet at Hawcock's last Thursday evening. A delightful three course dinner was served, consisting of: potage, okra soup, serod, gelee di groseilles, salmis, matzo, canard roti, Schweizerkase, rosbif, nuts, bara khana, creme de la glace, Cheuchartel kase, pie, scones, Hungarian goulash, frog's legs, bird's nests Suckerku-chen, ham and eggs.

Phi Kappa Pi wishes to announce that it plans to petition Beta Theta Pi.

The Teke Gospel Team has had a very busy spring, making brief tours into all parts of western Illinois. This little group is led by George Lucas, who conducts all the meetings. Others on this team of

Pi Beta Phi enjoyed a delightful doughnut-duster last week. A new

record for doughnut dusting was established by Ly Liz Bowman. After the doughnut dusting, the group retired to the basement, where they enjoyed an exciting period devoted to ice-hockey and poker. Deuces were wild.

ORPHANS—

Over Forty Colleges similar to your college have been forced to close their doors in the last two years. Hundreds of hospitals have ceased to function. Dozens of churches, where people have worshipped for generations, have become only a landmark and a memory; in the rear of the church—the grave yard, with its tall waving grasses, the only indication that once here worshipped the flower of the community. HUNDREDS AND THOUSANDS OF COLLEGE ALUMNI have as their Alma Mater a pile of stones or a group of empty buildings—a grave yard of memories of happy songs and carefree college days.

MONMOUTH COLLEGE HAS STOOD THE TEST—

The college halls will for many years re-echo the sound of youthful voices. But this past two years it has cost many a sleepless night—many a dark hour to pilot your college through these days of depression. Do you appreciate it, or do you think the college has been greatly favored by your presence? BE LOYAL and proud of your college because she has been tried and been equal to the test.

Talk up your college—urge your friends to come here—one of the best of the Middle Western schools. The strength of her program has not been weakened by the depression.

Ten Talking Points!

For Use by Monmouth Students When Talking Monmouth to Their Friends

1. **EDUCATIONAL STANDING**—Only one-fourth of the colleges and universities of America are on the approved list of the Association of American Universities. Monmouth's name is on this list and also on the list of every other important educational association.
2. **EQUIPMENT AND ENDOWMENT**—Monmouth has twelve well equipped buildings on an attractive thirty-acre campus. Monmouth's gymnasium and athletic field provide an equipment for sports unexcelled in the Mid-West. Her endowment of two million dollars is much more than that of most colleges of her size and type.
3. **CHRISTIAN ATMOSPHERE**—The aim of the faculty and students of Monmouth is to maintain an atmosphere which is friendly, democratic, inspiring, and favorable to the development of Christian ideals.
4. **ACHIEVEMENT OF GRADUATES**—Monmouth graduates are in leading positions in business, education, government, journalism, law, medicine, ministry, social service, and many other fields.
5. **COSMOPOLITAN QUALITY**—Monmouth is not like a local college. She is free from the provincialism which is likely to develop in an institution in which nearly all of the students come from the vicinity of the college. Last year, students came to Monmouth from twenty-four States.
6. **ACCESSIBILITY**—Monmouth's location on the main line of the C. B. & Q., the M. & St. L. and a north and south division of the C. B. & Q., makes access by rail convenient. Also, Monmouth is on four important State and National highways.
7. **LOW COST**—Not many colleges of Monmouth's equipment and educational standing have kept their charges for tuition and fees to a figure so low as Monmouth's.
8. **A SMALL AND PERSONAL COLLEGE**—At Monmouth a student is encouraged to do his best because his work and achievements are known to the whole college community. The student retains his individuality, he is not lost in the crowd.
9. **SUPERIOR TEACHING FORCE**—There is an unusual stability to the Monmouth faculty and long tenure of office is the rule. Monmouth teachers are well trained. About half of the heads of departments have the Ph. D. degree and others have the equivalent in training and experience. As an evidence of the breadth of culture of the Monmouth faculty, it may be remarked that one-third of the Monmouth teachers have studied or have taught in European universities, and several have had extensive foreign travel.
10. **BROAD PROGRAM OF EXTRA CURRICULAR ACTIVITIES**—Monmouth's good record in athletics is well known to high school students. She is equally successful in forensics, dramatics, music, journalism, and other fields.
